DI Front Office

SUBJECT: Agenda for State Lunch Friday, 29 May 1987

Here are the items that State would like us to address at tomorrow's lunch. Since Clair and Dick are the only ones going from the Agency, I leave it in your hands to prepare them for the meeting. I have indicated who should address which questions. From State, only Whitehead and Abramowitz plan to attend.

25X1 1. The Stokes Bill that proposes how Congress should be notified of Findings. Apparently will be addressing HPSCI with regard to this issue on 4 June. State would like to know what our position is, what will be the effect of the Bill, and do we think it will get through Congress.

2. Soviet Arms Sales to Iran. According to a 27 May New York Times article, the Soviets have recently sold weapons to the Iranians. State would like to know what we make of this article. Do we have any information on the sales, does it seem plausible, etc.

25X1

5. Persian Gulf. What do we believe are Iran's intentions in the Gulf -- specifically, will they plan to go after U.S. Naval vessels?
